

## GalaxE.Solutions Achieves CMMI - Maturity Level 3 From Software Engineering Institute, Carnegie Mellon University

SOMERSET, N.J., Sept. 7 /PRNewswire/ -- GalaxE.Solutions, Inc., a leading IT company specializing in the design and implementation of custom software solutions, has achieved a Capability Maturity Model Integration (CMMI®) Maturity Level 3 rating from the Software Engineering Institute (SEI) of Carnegie Mellon University. The announcement was made by Tim Bryan, Chairman and CEO of GalaxE.Solutions.

An ISO: 9001, 27001 company, GalaxE received the CMMI ML 3 rating for Application Development, Maintenance and Production support for its US and India operations.

"We recognized early the need for establishing and managing to CMMI Level 3 standards to enable us to support our clients' critical business requirements to their fullest extent," said Bryan. "Our existing best practices and industry certifications have facilitated this being achieved rapidly. While we continue to seek higher maturity/capability levels, this rating is significant, in particular, to our healthcare work considering the needs of HIPAA, 21-CFR-Part11 and other regulatory standards."

CMMI is the international standard for measuring an organization's capability to provide a process-based approach to the development and support of software, including software engineering and project management.

SEI is managed by Carnegie Mellon University and sponsored by the Department of Defense.
