

Industry Leading IT Delivery Services

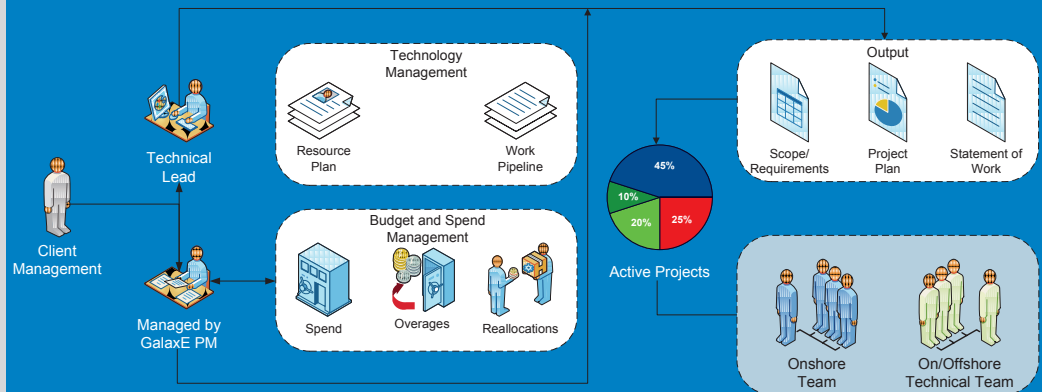

GALAXE.SOLUTIONS:
OFFERING AN IDEAL ONSHORE/OFFSHORE
MIX THROUGH WHITE BOX DELIVERY MODEL

Founded in 1990, GalaxE.Solutions®, Inc. (GalaxE), is an industry leader in designing and deploying business processes and supporting systems that enable clients to transact and share information across internal networks and the Internet, targeting business results, competitiveness and efficiency.

What is the GalaxE White Box Model?

- Incorporates highly scalable processes, methodologies, and tools to rapidly execute work offshore
- Utilizes a blended mix of offshore and onshore management structure
- Ensures complete transparency to the customer through visibility into the effort
- Delivers complex projects in a highly scalable and factory based manner

“White” implies visibility into resources, Level of Effort (LOE), project plan, and deliverables. “Box” implies controlled effort, resource pool, tasks, and/or milestones.

For more information about GalaxE's white box delivery model and professional services expertise and how they can help your business today, please contact Tore Carlson at 732-868-0400 x221, or e-mail, tcarlson@galaxesolutions.com.
